

ROSE FOUNDATION
For Communities and the Environment
 9/1/2004 – 8/31/2005

Environmental Restitution Funds		
<p>The Rose Foundation has developed a specialized program to act as trustee over restitution payments from litigation settlements, and administer grants to community organizations in conformance with the nexus of the settlement.</p>		
<p>The Abandoned Mine Alliance Fiscal Sponsor: Sierra Fund <i>For General Support</i></p>	\$10,000	<p>Start-up funding to facilitate remediation of contaminated mining sites on public lands.</p>
<p>Aquatic Bioassay & Consulting <i>For Technical Assistance Contract</i></p>	\$24,236	<p>Site characterization to investigate suspected pollution of an arroyo in the Ventura area in cooperation with local, state and federal government stakeholders.</p>
<p>Baykeeper <i>For Toxics Pollution and Runoff Project</i></p>	\$43,000	<p>To support participation in state administrative activities to develop stronger agricultural pesticide regulations related to waterways and monitoring discharges.</p>
<p>Berkeley Community Orchard Project Fiscal Sponsor: Ecology Center <i>For General Support</i></p>	\$5,000	<p>To promote sustainable urban agriculture and access to organic food in the African American and Latino neighborhoods of South Berkeley. The project will remediate contaminated soil (which is currently leaching into the groundwater) and plant an orchard along a former railroad right-of-way.</p>
<p>Californians for Alternatives to Toxics <i>For Developing IPM in the Cloverdale School District</i></p>	\$4,700	<p>For development of an Integrated Pest Management (IPM) program in the Cloverdale schools as part of CAT's overall Pesticide Free Schools Program. The Cloverdale program will include a strong educational element to teach parents, students and teachers about IPM, and will serve as a model for similar work with many other school districts.</p>
<p>Californians for Pesticide Reform Fiscal Sponsor: Pesticide Action Network <i>For the Central Valley Pesticide Campaign</i></p>	\$10,700	<p>To train farmworkers and their communities about the health impacts of pesticides and how to reduce pesticide use. Outreach is in both Spanish and English.</p>
<p>Center on Race, Poverty and the Environment <i>For the Dairy Project</i></p>	\$20,000	<p>For monitoring, public education, and developing community capacity around the issue of pollution runoff from "mega-dairies" in Madera, Fresno and Merced Counties.</p>
<p>Citizens for East Shore State Parks <i>For General Support</i></p>	\$4,950	<p>For preservation and acquisition of parkland along the east shore of the San Francisco Bay, in order to protect natural habitat and provide recreational open space for the entire length of the East Bay shore from Oakland through Richmond.</p>
<p>Clean Water Fund <i>For Clean and Safe Water Initiative</i></p>	\$4,000	<p>To integrate the precautionary principal into water quality regulation, including advocating for a health-protective mercury clean-up plan for the San Francisco Bay, building a coalition around the safe-disposal of pharmaceutical medicines (which are generally not removed by sewage treatment), and evaluating of the cumulative impacts of multiple contaminants to our drinking water.</p>
<p>Communities for a Better Environment <i>For San Francisco Bay Toxic Fallout Prevention Project</i></p>	\$18,000	<p>For policy development and organizing focused around reducing the cumulative impact of oil refineries in Contra Costa County and power plants in Southeast San Francisco, sources of aerial fallout and a major source of pollution to the San Francisco Bay.</p>

Earth Team <i>For General Support</i>	\$9,000	Coordination of hands-on environmental restoration projects for middle and high school students that connects the students to their local watersheds and parks, and teaches leadership through environmental stewardship.
Golden Gate Audubon <i>For Preservation of the Alameda National Wildlife Refuge</i>	\$1,700	To support oversight of efforts to cleanup contamination from the former Alameda Naval Air Station at the Refuge, which is home to the endangered Least Tern and generally provides an important oasis of wildlife habitat in the urbanized Bay Area.
Greenaction <i>For Corporate Accountability for Toxic Emissions</i>	\$10,000	To improve air and water quality for residents in Bayview Hunters Point, an underserved neighborhood in San Francisco, through research, advocacy, education and grassroots organizing to reduce or eliminate toxic air and water pollution from the three largest polluters in the community.
Kids for the Bay Fiscal Sponsor Earth Island Institute <i>For General Support</i>	\$9,000	For the Watershed Action program, which will partner 60 – 4 th grade teachers and 1,800 students to deliver four full day workshops and associated environmental action projects in local creeks.
Northern California Grantmakers <i>For Summer Youth Project</i>	\$1,000	Supports San Francisco Bay-related elements of a pooled fund that supports youth programs.
NRDC <i>For Restoring the San Joaquin River and Protecting Water Quality in the Delta</i>	\$70,000	For restoration of salmon populations and to conduct regional and state advocacy to improve water quality related to salinity, TMDLs, and the use of drinking water on the San Joaquin River and watershed.
Physicians for Social Responsibility <i>For Persistent Bioaccumulative Toxicants Project</i>	\$15,000	To educate health care providers about toxic threats to child development.
River of Words <i>For General Support</i>	\$10,000	To support an annual watershed poetry and art contest, which motivates K-12 students to learn about their local watersheds and encourages them to become stewards over their local environments.
San Joaquin Audubon Society <i>For the Watershed Enforcers Project</i>	\$70,000	For citizen enforcement of state and federal water quality statutes in the southern Delta, San Joaquin River and tributaries.
Sierra Nevada Alliance <i>For Travel Scholarships</i>	\$1,000	Supports travel scholarships allowing grassroots activists to attend a conference related to Sierra Nevada watersheds.
Urban Creeks Council <i>For General Support</i>	\$200	For a new copy machine.
West County Toxics Coalition <i>For General Support</i>	\$25,000	For environmental justice advocacy related to a number of Bay pollution projects.
Woods Edge/Archway School <i>For Archway School Ecology and Environmental Science Curriculum</i>	\$40,000	For development and implementation of a two-year curriculum for middle school students about the ecology and natural history of the San Francisco Bay that teaches how to become an active steward over Bay resources. Activities include hands-on restoration of Glen Echo Creek; numerous field trips; and hands-on, inquiry based classroom science projects.

Youth United for Community Action Fiscal Sponsor: Tides Center <i>For Higher Learning in East Palo Alto</i>	\$15,000	For intensive leadership development and community organizing curriculum for low income, high school aged youth in East Palo Alto around local toxic issues such as cyanide discharges into the sewer system, and arsenic contamination. Students will research pollution sources; compile statistics on asthma and cancer; conduct community educational events; and organize testimony at environmental impact hearing.
Total Environmental Restitution Funds	\$421,486	

Consumer Privacy Rights Fund		
The Consume Privacy Rights Fund supports California-based projects dedicated to the preservation and/or advocacy of consumer privacy rights.		
ACLU Foundation of Northern California <i>For Real ID Public Education Campaign</i>	\$90,000	Support research and public debate about the privacy implications of having a national identity card in the form of uniform, machine readable state driver's licenses – and a corresponding national database of personal data.
CALPIRG Education Fund <i>For Shine the Light on Privacy Project</i>	\$43,310	Monitor compliance with California's existing identity theft and privacy laws and encourage Californians to understand their privacy rights. The project will focus on the Shine the Light on Privacy Act of 2003, which requires companies to respond to customers' inquires about information sharing practices, and allows customers to opt-out of all future sharing of their personal information.
Center For Democracy & Technology <i>For "Spy Tags" – Protecting Consumer Privacy as Radio Frequency ID Tags Are Inserted into Everyday Products</i>	\$55,000	Develop and promote privacy protection principles for the use of Radio Frequency Identity Devices (RFID), which are tiny chips implanted in common consumer products, bridge and road toll passes such as FasTrak, library books and government documents.
Consumer Federation of California Education Foundation <i>For Telecommunications Privacy Project</i>	\$25,000	Study the privacy practices of telecommunications companies, including traditional telephone companies, cell phone companies, voice over internet protocols (VOIP) and cable TV companies. Findings will be summarized and published on a Telecommunications Privacy Scorecard.
Electronic Privacy Information Center <i>For Coordination and Submission of Privacy Comments to Federal and State Agencies</i>	\$20,000	Coordinate and submit consumer comments in state and federal rulemaking proceedings on consumer privacy issues; organize coalitions to endorse comments; and provide support for California-based organizations that wish to participate in federal rulemaking
First Amendment Project <i>For Protecting Privacy for Consumers of Expressive Materials</i>	\$20,000	Advise retailers on how to structure their customer information practices to protect customer's privacy rights. Help provide legal counsel and representation of California consumers and retailers of expressive materials, such as books, newspapers, music, movies and videogames, whose records have been sought by law enforcement or other third parties.
Privacy Rights Clearinghouse <i>For Consumer Education and Complaint Handling</i>	\$100,000	Consumer complaint response and counseling; and research and outreach on consumer privacy issues including financial privacy, credit reporting, employment background checks, identity theft, Internet records, online privacy and medical privacy. Some of the educational materials (printed and web-based) will be available in both Spanish and English.

U. C. Berkeley – Boalt School of Law Samuelson Law, Technology & Public Policy Clinic <i>For Effect of Privacy Regulations on Corporate Behavior</i>	\$35,000	Research on impacts of privacy regulation and self-regulations through interviews and surveys of chief privacy officers in various industry sectors about the effects of privacy laws and industry privacy initiatives on their businesses' privacy and security practices.
World Privacy Forum <i>For Job Search Site and Scholarship and College Financial Aid Site Privacy</i>	\$40,000	Update an existing study and consumer guide on job search privacy; research scholarship and student financial aid web sites to see which sites are selling parent and student personal information to listbrokers and marketing companies; and provide parents and students with a guide for using the Internet to search for scholarships without having to divulge sensitive information.
Total Consumer Privacy Rights Fund	\$428,310.00	

Northern California Environmental Grassroots Fund

The Grassroots Fund is a pooled fund that helps to bridge the gap between organized philanthropy and small, community-based environmental organizations.

Abandoned Mine Alliance <i>For acquisition of mining interests for stewardship program</i> Sierra County	\$3,000	Start-up funding to facilitate remediation of contaminated mining sites on public lands.
Alameda Creek Alliance <i>For General Support</i> Contra Costa County	\$3,000	To restore a self-sustaining run of steelhead trout in Alameda Creek and to protect habitat for endangered wildlife within this crucial Bay Area watershed.
Andrea Lawrence Institute for Mountains and Rivers <i>For General Support</i> Mono County	\$3,000	To protect the fragile and unique wild environment of the Eastern Sierra Nevada, while promoting healthy community growth and development.
Bay Area Coalition for Headwaters <i>For General Support</i> Alameda County	\$4,000	For grassroots organizing and public education efforts to ensure long-term protection and restoration of the Headwaters Forest Reserve on California's North Coast.
Berryessa Trails and Conservation <i>For General Support</i> Napa County	\$5,000	For trail construction at the Lake Berryessa Recreation Area and advocacy of non-motorized recreational activities in the redevelopment plan for the lake.
Burbank Sprouts School Gardens <i>For General Support</i> San Francisco	\$5,000	School garden-based environmental education program in three low-performing San Francisco public schools. Part of a multiple-city partnership with Tufts University to test theory-based environmental science and health curriculum.
Butte Environmental Council <i>For General Support</i> Butte County	\$5,000	Supports advocacy and litigation to protect one million acres of vernal pool habitat, to stop surface and groundwater exports to Southern California, and to stop the development of housing on top of an old burn dump.
Californians for Western Wilderness <i>For General Support</i> San Francisco	\$3,000	Supports citizen activism on issues crucial to the defense and stewardship of California wilderness and public lands.
California Prison Moratorium Project <i>For General Support</i> Central Valley	\$5,000	Help rural communities in the Central Valley oppose prison construction and the resulting environmental impacts of increased air and water pollution, destruction of farmland and natural habitats, and excessive use of water resources.
Central California Environmental Justice Network <i>For General Support</i> Stanislaus County	\$5,000	Supports community-based efforts to protect the environment and reduce pollution that threatens public health in underserved rural Central Valley communities.

Citizens for East Shore Parks <i>For General Support</i> Alameda County	\$3,000	Build a collaborative effort to preserve and increase East Bay parkland and public access to the Bay shore.
Citizens for Responsible Forest Management <i>For General Support</i> Santa Cruz County	\$3000	Watchdog timber harvesting in the Central Coast region to protect the water supply of the Monterey Bay area.
Coast Action Group <i>For General Support</i> Mendocino County	\$2,500	Education and litigation to ensure that water quality issues are included in timber harvest plans and timber operations, and that consideration of impacts to fisheries and watersheds are included in federal, state and local planning in Mendocino County.
Committee For a Better Alpaugh <i>For General Support</i> Tulare County	\$5,000	Build the capacity of a primarily low-income Latino community to advocate for safe drinking water. Currently, Alpaugh's water supply is so contaminated by pesticides that it is unsafe to drink.
Concerned Citizens Coalition of Stockton San Joaquin County	\$500	Honorarium to present at seminar
Daily Acts Organization <i>For Establishing Office/Headquarters</i> Sonoma County	\$2,500	Build operational capacity to promote lifestyle and systems changes related to sustainable living and the promotion of permaculture.
EarthTeam <i>For General Support</i> Contra Costa County	\$5,000	Coordination of hands-on environmental restoration projects for middle and high school students that connects the students to their local watersheds and parks, and teaches leadership through environmental stewardship.
Eastern Sierra Land Trust <i>For the Sierra Century Challenge</i> Inyo County	\$5,000	Supports efforts to place open-space easements on 320,000 acres held by the Los Angeles City Department of Water and Power in Inyo and Mono Counties.
Ebbetts Pass Forest Watch <i>For Community Action Program</i> Calaveras County	\$3,500	Stop clearcutting and help local communities gain control over timber-harvesting in their county.
El Comité para el Bienestar de Earlimart / Committee for the Well Being of Earlimart <i>Poder en Comunidades Rurales / Power in Rural Communities</i> Tulare County	\$5,000	Educate rural communities about the health impacts of air pollution, pesticide drift laws and the rights of people who have been exposed, and to empower mostly Hispanic campesinos (farm workers) to effectively respond when pesticides drift accidents occur.
Foothill Conservancy <i>For General Support</i> Amador/Calaveras Counties	\$4,000	To mobilize and coordinate volunteer-based watershed, land-use, river conservation, and public education programs in Amador and Calaveras Counties.
Forest Issues Group <i>For the Sierra Framework Defense</i> Nevada County	\$3,000	Supports scientific research and litigation to halt the spraying of pesticides in the Tahoe National Forest by the US Forest Service.
Fresno Coalition Against the Misuse of Pesticides <i>For General Support</i> Fresno County	\$3,300	Supports efforts to reduce toxic pesticides in schools and neighborhoods, and the promotion of alternative methods of pest management.
Friends of Cordilleras Creek <i>For the Creek Protection Coalition</i> San Mateo County	\$3,000	To protect creek corridors and surrounding wildlife habitats by resisting paving and structures in riparian buffer zones, creating manuals on watershed management 'best practices,' and educating the community through creek related events and distribution of free native seeds and plants.

Friends of Del Norte Del Norte County	\$500	Honorarium to present at seminar
Friends of Garrity Creek <i>For the Save Garrity Creek and Habitat Project</i> El Sobrante, Contra Costa County	\$4,000	For legal assistance to preserve a spring-feed creek that flows into the San Pablo Bay that is being threatened by a proposed 40 home development.
Hayes Valley Neighborhood Parks Group <i>For Koshland Park Community Learning Garden Project</i> San Francisco	\$3,000 \$500	For an after school program for at-risk youth age seven to twelve, focusing on garden lessons, composting, food production and distribution to residents of public housing projects in the Hayes Valley neighborhood. (\$500 was a honorarium to present at seminar)
Huntersview Tenants Association /Mothers Environmental Health & Justice Committee <i>For Huntersview Indoor Air Pollution Program</i> San Francisco	\$5,000	To mobilize and empower community mothers in this low-income, community of color, to survey public housing residents about the incidence of asthma and poor housing conditions, educate residents about indoor air pollution, and advocate for the remediation of code violations, mold, moisture and ventilation problems.
Kids in Parks <i>For General Support</i> San Francisco	\$5,000	Experiential environmental education programs for students at two public middle schools serving mostly families living in poverty. Lessons include mapping, restoration projects, plant-insect-animal identification, environmental justice field trips and mentoring.
Klamath Forest Alliance <i>For General Support</i> Siskiyou County	\$5,000	Monitoring and litigation to prevent destruction of public lands, advocating for the water quality of the Klamath River and tributaries, prevention of the use of pesticides on public lands, and supporting area tribes in their struggle for environmental justice.
Lake County Community Radio <i>For Full-Power Community Radio Station</i> Lake County	\$5,000	To help expand the radio station's broadcasting capability to a full-powered, Class A station in order to improve and expand environmental programming that will reach a four or five county area.
Lompico Watershed Conservancy <i>For General Support</i> Santa Cruz County	\$4,000	To protect the 425-acre Lompico Creek headwaters lands, to advocate for better water quality protection during and after commercial logging activity, and to develop and complete fisheries habitat restoration projects in the San Lorenzo River Basin.
Mount Shasta Bioregional Ecology Center <i>For the Save Medicine Lake Highlands Advocacy Project</i> Siskiyou County	\$5,000	Supports protection of the Medicine Lake Highlands from large-scale geothermal developments that threaten a near-pristine volcanic landscape and Native American cultural sites.
Mountain Meadows Conservancy <i>For General Support</i> Lassen County	\$5,000	Protection of the Mountain Meadows Basin and watershed, by opposing a proposed ski and golf mega-resort that would triple the population of the existing community.
No Wetlands Landfill Expansion <i>For General Support</i> Marin County	\$5,000	Oppose the expansion of a landfill that is on the edge of an environmentally sensitive marsh and the Petaluma River estuary.
Noyo Headlands Unified Design Group <i>For Noyo Headlands Unified Design, Phase II – Outreach and Engagement</i> Mendocino County	\$5,000	Help manage environmental restoration and sustainable redevelopment of the abandoned Georgia Pacific mill site that comprises one-third of the city of Fort Bragg.

OVC Foundation <i>For Legal assistance and volunteer staff support for the defense of the water related ecosystem in the Owens Valley</i> Inyo County	\$4,000	For an outreach office and legal assistance to protect and restore the Owens Valley, which has been severely impacted by the over pumping of groundwater by the City of Los Angeles causing wetlands and meadows to disappear.
Redwood Economic Development Institute <i>For Aleutian Goose Festival: A Celebration of Wildness</i> Del Norte County	\$3,000	Environmental education component of the Aleutian Goose Festival, including development of a local middle school curriculum.
Resource Restoration <i>For the Leadership Project</i> Mendocino County	\$2,000	To provide technical resources and assistance to a number of grassroots community organizations working to improve long-term forest and fisheries stewardship.
Rural Quality Foundation <i>For General Support</i> Nevada County	\$4,000	Land-use conservation planning in western Nevada County to protect streams, forests, oak woodlands, and the rural character of the area.
San Francisco Bay Flyway Festival <i>For the Flyway Festival Environmental Education Program</i> Vallejo, Solano County	\$4,000	For distribution of the environmental education program of the Flyway Festival, which provides free sessions on conservation, wetlands restoration, pollution prevention and wildlife protection to over 7000 people in an underserved part of the Bay Area.
Santa Maria Center for the Environment <i>For General Support</i> Santa Barbara County	\$5,000	Start-up funding to create a fully operational environmental center for advocacy and information that will address issues such as toxic pesticides, farmworker health and safety, groundwater pollution, and open space preservation.
Save Round Valley Alliance – Advocates for Smart Growth <i>For General Support</i> Inyo County	\$3,000 \$500	To educate the public about the negative impacts of sprawl development and to protect natural resources in Inyo and Mono Counties. Activities include working to prevent the development of a subdivision on sensitive habitat in the viewshed of Mount Whitney. (\$500 was a honorarium to present at seminar)
Tolowa Dunes Stewards <i>For Restoring Endangered Northcoast Dune Ecosystems</i> Del Norte County	\$4,000	To protect and restore over 10,000 acres of unique coastal dune, estuarine and wetlands habitat that is home to 41 endangered and sensitive species that are threatened by illegal off-road vehicle activity.
Trinity Recycling Program <i>For General Support</i> Trinity County	\$4,500	Start-up costs for a community-recycling program in a small, remote rural county. The program will include K-12 environmental and resource conservation curriculum.
Wilderness Arts and Literacy Collaborative <i>For General Support</i> San Francisco	\$3,000	Supports a restoration project at McLaren Park, and field studies during hiking and camping trips for primarily low-income students of color that attend 2 San Francisco inner-city high schools.
Wolf Creek Community Alliance <i>For Stream and Upland Technical Assessment</i> Nevada County	\$1,000	Assist watershed assessments of Wolf Creek and tributaries to assess creek conditions and to prioritize preservation, restoration and stewardship projects.
Total Grassroots Fund	\$179,300	

Donor Advised Funds		
The Rose Foundation works closely with individual donors to help them design and implement philanthropic goals.		
Arc Ecology	\$40,375	Supports state and federal policy development and technical assistance to communities to reduce toxic contamination in the San Francisco Bay area.

Community Technical Assistance Contracts	\$102,279	Technical assistance contracts to provide expert assistance for community-based organizations helping governmental agencies develop pollution remediation or discharge standards.																				
Wheeler/Makdisi Fund The Wheeler/Makdisi Fund supports youth, education, arts, peace and environmental programs.	\$4,685	<table border="0"> <tr> <td>Berkeley High Men's Lacrosse</td> <td>\$400</td> </tr> <tr> <td>Berkeley High School Development Group</td> <td>\$1,500</td> </tr> <tr> <td>Berkeley Public Education Foundation</td> <td>\$1,000</td> </tr> <tr> <td>Global Exchange / The Rebuilding Alliance</td> <td>\$500</td> </tr> <tr> <td>KPFA</td> <td>\$250</td> </tr> <tr> <td>Lines Contemporary Ballet</td> <td>\$250</td> </tr> <tr> <td>Oakland Museum of California Foundation</td> <td>\$125</td> </tr> <tr> <td>Progress Unity Fund / A.N.S.W.E.R.</td> <td>\$300</td> </tr> <tr> <td>Slow Food USA</td> <td>\$60</td> </tr> <tr> <td>Urban Creeks Council</td> <td>\$300</td> </tr> </table>	Berkeley High Men's Lacrosse	\$400	Berkeley High School Development Group	\$1,500	Berkeley Public Education Foundation	\$1,000	Global Exchange / The Rebuilding Alliance	\$500	KPFA	\$250	Lines Contemporary Ballet	\$250	Oakland Museum of California Foundation	\$125	Progress Unity Fund / A.N.S.W.E.R.	\$300	Slow Food USA	\$60	Urban Creeks Council	\$300

Fiscal Sponsorship Funds		
The Rose Foundation provides sponsorship, development and management assistance to selected projects whose goals directly further the Foundation's own mission.		
California Solar Project	\$11,280	Supports an environmental/labor partnership to promote residential solar development and the creation of family wage jobs in the solar industry.
Coalition of Concerned Citizens of Point Richmond	\$23,437	Preservation of public access to the waterfront in the Point Richmond area.
Eco-Prep	\$6,945	Supports an environmental education program for at-risk youth that promotes career opportunities in managing natural resources.
EnviroSpec	\$4,700	To utilize the purchasing power of business, government agencies and institutions to push manufacturers to make cleaner and greener products.
Investor Environmental Health Network	\$115,362	To foster collaborative efforts among investors and environmental health organizations by encouraging companies to buy safer alternatives/substitution practices for toxic chemicals to reduce the damage to human health and the environment.
NaturalEquity	\$4,781	To enhance human welfare by building equity in the natural environment by demonstrating, through direct incentive approaches, how economic development and environmental conservation can be compatible.
North Coast Nature Center	\$6,297	To establish a nature center in Crescent City.
Redwood Economic Development Institute	\$46,954	Supported the ongoing development of model eco-tourism projects on California's North Coast.
Richmond Environmental Defense Fund	\$301	Supports advocacy of environmentally-sustainable growth in Richmond.
Russian River Watershed Council	\$204	Community education, watershed policy development, and targeted restoration activities in the Russian River area.
Scared Spaces	\$4,700	For innovative outreach to cancer patients using natural elements from the environment, and teaching strategies for focusing their spiritual energy on recovery.
Strategies for a Green Economy	\$30,000	To study the economic benefits of coral reef restoration in Indonesia, review the benefits of marine sanctuaries off the California Coast, and establish conservation agreements that secure investments in local communities in exchange for conserving natural resources.

Wilderness Reflections	\$235	Scholarship fund for low-income, at-risk youth to participate in wilderness trips designed to help people find the inspiration to meet life's challenges and connect with their natural environment.
Total Fiscal Sponsorship Funds	\$255,196	

Prize Awards, New Voters are Rising, and President's Fund			
Anthony Grassroots Activism Prize	\$1,000	<i>Awarded to:</i> Sandra Meraz	For leading her hometown of Alpaugh's struggle for safe drinking water. Alpaugh is a small, predominantly Hispanic farming town in Tulare County, whose drinking water is completely contaminated with arsenic and other pollutants.
Anthony Grassroots Activism Prize	\$1,000	<i>Awarded to:</i> Teresa DeAnda	For her leadership in helping her community, Earlimart, a small, predominantly Hispanic farming community in Kern County, respond to pesticide drift.
Meade Clean Air Prize	\$1,000	<i>Awarded to:</i> Eric Johnson	For his eight-day series exploring the air pollution impacts of the Port of Los Angeles and the Port of Long Beach, published in February 2004 in the Long Beach Press-Telegram .
New Voices are Rising Project	\$23,171	Down's Memorial United Methodist Church, Oakland	For expenses related to New Voters Are Rising, a joint project between the Rose Foundation and Downs Memorial to develop new young leaders in low income communities and communities of color, through civic engagement, especially as it relates to environmental health problems that disproportionately impact their communities.
President's Fund	\$6,600	The President's Fund provides small discretionary grants to a variety of community and environmental projects.	
Total	\$32,771		

Total Grants and Allocations \$1,464,402
